5 - <version>4.4.1</version>

5 + <version>4</version>

XhmikosR 5 days ago Member

+ @ Tip ...

What's the rationale behind not using the full version here?

supergibbs 5 days ago Author Contributor

+ @ Tip ...

I added a comment to the file; the version is pulled from package.json so no need to maintain this

We should just land one patch in master, cherry pick it and when v5.0.0 is out, we just change the version number in master.
